JEALOUSY RESULTS IN MURDER AND ARSON

Three Persons Are Dead, One Missing and a Second Trio Dangerously Injured in Denver, Colorado.

TAKES RAP AT DIVORCE LAWS

Emphatic Declaration on Race Suicide. Woman's Task Not Easy.

HE PAID HIGH TRIBUTE TO WOMEN, HOME AND MOTHERHOOD. CITIZENSHIP TO BE HEALTHY MUST COME FROM HEALTHY HOMES.

By Associated Press. Washington, D. C., March 13.—President Roosevelt last night delivered an address before the National Congress of Mothers which is now in session in this city. His address was an eloquent appeal for the betterment of the citizenship of the country through the careful training of children, especially by the example set them by those who were responsible for their being.

"In the last analysis," said the president, "the welfare of the state depends absolutely upon whether or not the average family, the average man and woman and their children, represent the kind of citizenship fit for the foundation of a great nation; and if we fail to appreciate this, we fail to appreciate the root morality upon which all healthy civilization is based."

President Roosevelt referred to the census statistics as to divorce, which, he said, were fairly appalling. "For every divorce is now as it has ever been," said he, "a bane to any nation, a curse to society, a menace to the home, an incitement to married unhappiness and to immorality, an evil thing for men and a still more hideous evil for women."

Upon the question of racial suicide the president said: "If the average family in which there are children contained but two children the nation as a whole would decrease in population so rapidly that in ten or three generations it would very deservedly be on the point of extinction, so that the people who had acted on this base and selfish doctrine would be giving place to others with braver and more robust ideals. Nor would such a result be in any way regrettable; for a race that practiced such doctrine—that is, a race that practiced racial suicide—would thereby conclusively show that it was unfit to exist, and that it had better give place to people who had not forgotten the primary laws of their being."

The president concluded his address in the following eloquent manner: "The woman's task is not easy—no task worth doing is easy—but in doing it, there shall come to her the highest and holiest joy known to mankind; and having done it, she shall have the reward prophesied in Scripture, for her husband and her children, yes, and all people who realize that her work lies at the foundation of all national happiness and greatness, shall rise up and call her blessed."

MRS. GORDON FOR POSTMISTRESS

WIDOW OF CONFEDERATE GENERAL TO BE HONORED BY ROOSEVELT.

Washington, March 13.—President Roosevelt is said to be about to show his good will toward the south by offering to Mrs. John B. Gordon, widow of the famous Confederate leader, the office of postmistress of Atlanta. The president recently said to the prominent Georgia representative the General Gordon was his friend. He considered him to be one of the great of all Americans and would take pleasure in giving Mrs. Gordon a position. Mrs. Longstreet, widow of General Longstreet, was recently appointed postmistress at Gainesville. The president feels especially cordial toward Georgia, his mother being a Georgia woman.

Consular Service Reaching High Plane

ASSISTANT SECRETARY OF STATE PIERCE. Uncle Sam is endeavoring to weed out the bad material in the United States consular service, particularly in the Far East. Charges have recently been filed against several consuls, and others are likely to follow. Most of the investigations which have resulted in the present actions have been made by Assistant Secretary of State Pierce, who has, during the past year, traveled to various parts of the world to investigate the American consular establishments.

Death Dealt Out By A Human Boomerang

By Associated Press. Washington, Ind., March 13.—What railroad men declare to be one of the most remarkable accidents they ever heard of occurred in Logansport today when Walter Hickman, a bright boy, 14 years old, was struck by a Baltimore and Ohio train. He was playing near the track with his younger brother, and tried to cross in front of the oncoming train. He was hit by the pilot and hurled into the air a distance of twenty feet or more. The body, in falling, struck the 12-year-old brother, Fred Hickman, and Fred was so badly injured that he will die. Walter was instantly killed.

Santo Domingo Treaty To Be Rushed Through

By Associated Press. Washington, March 13.—The senate will do its utmost to complete the treaty with Santo Domingo and ratify it and adjourn this week. This was manifested when the treaty was taken up in executive session today. It is conceded that if the vote is delayed beyond Saturday that a quorum of the senate could not be maintained. With the present number of absentees and uncertainty as to the number that will return to vote the fate of the treaty cannot be foretold.

SULLIVAN CONGRATULATED

UPON THE CONVICTION OF MRS. CHADWICK—GROUNDS FOR NEW TRIAL.

By Associated Press. Cleveland, March 13.—J. J. Sullivan, United States district attorney in the Chadwick case, has received many telegrams and letters of congratulation on his victory in convicting Mrs. Chadwick. Andrew Carnegie telegraphed "Congratulations. Victory all your own."

A new trial will be asked for on the grounds of error in the admission and exclusion of certain testimony during the trial, on error of the judge in charging the jury, and that the verdict was contrary to the law and the weight of the evidence. A motion for a new trial will probably be filed tomorrow or Wednesday.

STORM DAMAGE IN CALIFORNIA

HEAVIEST GALE OF THE YEAR. SOME INJURY TO SHIPPING.

By Associated Press. Los Angeles, Cal., March 13.—The heaviest storm of the year and one of the most extensive, so far as learned, has prevailed throughout Southern California. Since Saturday noon rain has been falling at intervals, the precipitation yesterday amounting to 1.01 inches. The storm appears to have come out of the east and southeast, from which direction a gale blew all day. On the coast considerable damage was done by the gale and high seas. Several launches were driven upon the shore at Long Beach and minor damage to shipping occurred at San Pedro. At Santa Monica and Ocean Park the wharves were considerably damaged by the high seas.

FAVORABLE REPORT ON COLORED MAN.

By Associated Press. Washington, March 13.—The senate committee on finance today reported favorably upon the nomination of Charles W. Anderson, to be collector of internal revenue for the second district of New York.

TALK OF PEACE IS INDULGED

Secret Arrangement for Peace is Suspected by Consul.

RUSSIAN SOLDIERS ARE SURROUNDED ON ALL SIDES—JAPANESE HAVE CAPTURED IMMENSE STORES, ARMS AND A VEST-POCKET RAILROAD—SECOND PACIFIC SQUADRON HAS BEEN RECALLED.

St. Petersburg, March 13.—Russia's grand army, with the exception of the thousands killed or taken prisoners on the plains and mountains of Mukden, is gathering slowly behind the fortifications of Tie Pass which were built as a refuge before the battle of Liao Yang, and is feverishly engaged in reorganization and the further strengthening of its lines. According to the general staff the main body has already completed its retreat and the rear guard is falling back slowly, keeping in touch with the pursuing columns of Japanese.

In the complete absence of further information yesterday, it is difficult to say whether this pursuit has slackened. Officials here hope Oyama has paused, as he did at Liao Yang, to give his troops rest. It may be, however, that even now Russians are being turned out of their position at Tie Pass.

Rumors are current that the wide, eastward flanking movement, which was begun before that battle, is still in progress, and on the other side. It is also feared that Japanese columns are moving north of Fakoman to take a position behind the Russian line.

There are indications that the food supplies at Tie Pass are none too large. Immense quantities having been burned at Mukden. Telegrams from Russian sources, though inadequate as a basis for any detailed estimate of Russian losses, show that they have been extremely heavy.

KUROPATKIN WAS MOST COMPLETELY DECEIVED.

With General Kuroki's army northeast of Mukden Sunday.—Every succeeding hour increases the magnitude of the disaster suffered by Russian arms. Tonight twenty-five thousand dead are known to have been left on the field, making the casualties aggregate at least one hundred thousand. Between fifty and sixty thousand prisoners, some seventy guns and an enormous quantity of ammunition and provisions have fallen into the hands of the Japanese. Japanese losses do not exceed those of former battles, even General Kuroki's army losing only five thousand men. Field Marshal Oyama's plans completely deceived General Kuropatkin. The Russian commander misjudged both the strength and positions of the Japanese.

CAPTURES REPORTED BY JAPANESE.

Washington, March 13.—At the Japanese legation the following cablegram has been received from Tokyo: "Our army in the Sing King quarter reported on March thirteen, the following captures: Rifles, twenty-two hundred machine guns, 6; shots for rifles, three hundred and twenty thousand; material for light weight railway for twenty-three miles and forty-five wagons therefor. There was also reported Russian corpses on the field, twelve hundred; prisoners, eighty. Russian casualties in this quarter are estimated at twenty thousand."

Losses of Russians.

Washington, March 13.—The Japanese legation has received the following cablegram from Tokyo: "The army on the Shakkoe quarter reported the following approximate figures, which are increasing: 'Prisoners over 50,000, including Major General Nachmoss. Russian corpses on the field 25,500. Other Russian casualties 90,000. 'Trophies, two engines, 60,000 guns, 60,000 rifles, 150 ammunition wagons, 10,000 army wagons, 200,000 shells, 25,000,000 shots for rifles, 74,000 bushels of grain, materials for light railroad for
